## GOA

Goa is an increasingly popular destination for cricket tours for all ages. It is a magical land and an exhilarating blend of fun, adventure, sunshine, eastern spirituality and just plain relaxation. The culture is Indian but English is widely spoken and traces remain from a Portuguese colonial heritage.

Guaranteed sunshine, clear blue skies and plentiful palm fringed beaches with the warm waters of the Arabian Sea lapping at the shore, Goa offers visitors a different take on India. Its friendly people, low cost of living and a charm which comes from its lack of sophistication make it an excellent destination and you are assured a warm welcome. Excursions are inexpensive and wonderful opportunities abound for deep sea fishing, scuba diving, snorkelling, sailing, parasailing, windsurfing and jet skiing.

You will not be disappointed by this exciting and stimulating destination.
