

# Malta

## Legacy of the Knights

**Malta** is an excellent sporting destination. The large British presence on the island means there is a good source of sports available including rugby, football, netball and cricket. Standards are reasonable and this is an ideal destination for youth and adult groups. The year-round sunshine make it ideal for touring in winter.

Malta is part of an archipelago of islands situated in the Mediterranean Sea between Sicily and North Africa and has an amazing array of things to discover. From the islands' beautiful scenery to the wealth of spectacular archaeology and architecture, much of their past is visible today. The towns are charming and the Maltese people have a friendly way about them, so you are assured a warm welcome.
